

SRS Citizens Advisory Board

Risk Management and Future Use Subcommittee

Meeting Summary

July 24, 1995

Aiken, S.C

.

Attendees: Gail Jernigan, Vernon Zimmerman, Scott Phillips, Dave Christensen, Walt Joseph, Todd Crawford, Gerri Flemming, Beaurine Wilkins, Walt Joseph, facilitator for the SRS CAB, opened the meeting of the Risk Management and Future Use Subcommittee on July 24, 1995. He announced the resignations from the CAB of Brian Costner and Julie Aborgast. Mr. Costner was the previous chairman of this subcommittee and Ms. Aborgast was an active participant in this subcommittee.

Mr. Joseph remained the group that this subcommittee is to make a formal recommendation to the CAB in September on the future use of the land at SRS. Dr. Todd Crawford, a member of the working group of this subcommittee, reported that he had been asked by Dr. Robert Alexander to address a public forum on the draft subcommittee proposal for the future use. This public forum was hosted by the University of South Carolina at Aiken on July 27, at a request from Hazel O'Leary, Secretary of Energy. Due to Brian Costner's resignation and Tom Greene's recent illness, Mr. Greene had suggested that Dr. Alexander contact Dr. Crawford, as he has been an active member of the working group.

The group discussed the invitation and the following 4 options:

- Stay on schedule with a formal recommendation to the CAB in September, declining the opportunity to discuss the future use with Mrs. O'Leary
- Refer the opportunity to DOE/WSRC
- Recommend six key points
- Recommend the full proposal

These four options are to be presented to the full CAB at their regular meeting on July 25 (the next day). The third and fourth option would require a 2/3 vote to change the agenda for the meeting. The group decided to present these 4 options to the full CAB with the information about the opportunity to discuss the future use of SRS with Hazel O'Leary. Information would be provided that could support any of the 4 options. Slides were prepared and copies of the proposal with the color map were made.

The group also decided that the next meeting of the Subcommittee on Risk Management and Future Use would be on August 22, 1995, with the exact time and location to be announced at a later time.

Note: Meeting handouts may be obtained by calling the SRS CAB toll free number at 1-800-249-8155.
