

## **MISSION STATEMENT**

In accordance with the Federal Advisory Committee Act (5 U.S.C. App.), the Federal Advisory Committee Management regulations (41 C.F.R. § 101-6 *et seq.*), the Department of Energy (DOE) Advisory Committee Management Program Manual (DOE M 515.1-1, 10-22-07), and the Environmental Management Site Specific Advisory Committee (EM SSAB) Charter, the Savannah River Site (SRS) Citizens Advisory Board will provide the Assistant Secretary for Environmental Management (EM), the appropriate Department of Energy (DOE) Savannah River Operations Office Manager or Deputy Manager or Assistant Managers for EM activities, and any other DOE official the Assistant Secretary shall designate, with information, advice, and recommendations concerning issues affecting the EM program at SRS. At the request of the Assistant Secretary or the SRS Manager, the Board may provide advice and recommendations concerning the following EM site-specific issues: clean-up standards and environmental restoration; waste management and disposition; stabilization and disposition of non-stockpile nuclear materials; excess facilities; future land use and long term stewardship; risk assessment and management; and clean-up science and technology activities. The CAB may also ask, subject to EM approval, or be asked by EM to provide advice and recommendations on any other EM project or issue.
