Savannah River Operations Office (SR)

memorandum

DATE: AUG 04 1997
REPLY TO:
ATTN OF: AMMFS (Ridley, 803-557-3758)
SUBJECT: Citizens Advisory Board Recommendation No. 42, Nonproliferation Study of Research Reactor Spent Fuel Management Alternatives
TO: Acting Director, Office of Arms Control and Nonproliferation (NN-40), HQ

The Savannah River Site Citizens Advisory Board presented its recommendations on the scope of the nonproliferation study currently being conducted by your office during its July 22, 1997, meeting. Attached is a copy of their Recommendation No. 42. Jon Wolfsthal (NN-42) has been made aware of the recommendation. Your prompt response to the Board is greatly appreciated.

Any questions from you or your staff may be directed to Jean Ridley at the above referenced phone number.
