Savannah River Site Citizens Advisory Board
P.O. Box 365
Barnwell, SC 29812

Dear Ms. Loadholt:

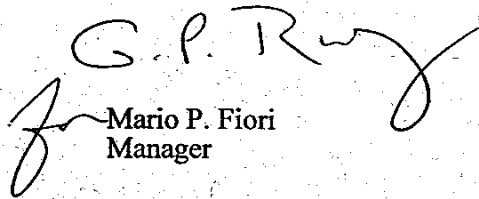

SUBJECT: Savannah River Site (SRS) Citizens Advisory Board (CAB) Recommendation
Number 45 Regarding Environmental Management (EM) Integration

Thank you for the subject recommendation on the EM Integration Report. This recommendation will aid in improving the stakeholder involvement process for future complex-wide decisions.

Enclosed is a copy of our memorandum forwarding the recommendation to Department of Energy-Headquarters, as the Board requested. In addition to your recommendation, Savannah River Operations Office proposed that EM Integration be a topic of discussion at the Focus 2006 Plan national meeting, so that Site Specific Advisory Board members across the complex could discuss their views relative to the recommendations outlined in the EM Integration Report.

If you have any additional questions or concerns, please contact me or Virgil Sauls at (803) 725-4505.

Sincerely,

Mario P. Fiori
