Ms. Ann Loadholt, Chairperson
Citizens Advisory Board
P.O. Box 365
Barnwell, SC 29812

Dear Ms. Loadholt:

SUBJECT: Savannah River Site (SRS) Citizens Advisory Board (CAB) Recommendation
Number 49 - Dispositioning of Excess and Surplus Facilities at SRS

Thank you for submitting the subject recommendation. The development of the relative risk-ranking and prioritization lists for the facilities to be dispositioned will greatly enhance our ability to plan for and take advantage of future opportunities to stabilize, decontaminate for reuse, entomb, or dismantle the unneeded facilities as funding becomes available. We look forward to providing a risk-ranking briefing to the CAB on January 27, 1998, and a briefing on the final prioritization list and Strategic Plan on May 19, 1998.

We appreciate your continued focus on the cleanup of SRS. If you have any questions, please contact me or Cynthia Anderson at (803)725-3966.

Sincerely,
Original Signed by
