Ms. Ann Loadholt, Chair
Citizens Advisory Board
P.O. Box 365
Barnwell, SC 29812

Dear Ms. Loadholt:

SUBJECT: Citizens Advisory Board Recommendation Number 68 - Savannah River
Laboratory (SRL) Seepage Basin Contaminated Soils Disposal

Thank you for your recommendation supporting Savannah River's preferred remedy for remediating the SRL Seepage Basins. Your continued support has been vital in reaching this timely decision. We will continue process improvements ensuring that the selected remedy is as cost effective and efficient as possible.

If you have any questions or need additional information, please call me or Cynthia Anderson at (803) 725-3966.

Sincerely,
