Citizens Advisory Board  
PO Box 365  
Barnwell, SC 29812

Dear Ms. Loadholt:

SUBJECT: Citizens Advisory Board (CAB) Recommendation Number 69 – High Level Waste (HLW) Salt Disposition

Thank you for submitting the subject recommendation supporting Savannah River Site's method used to select the preferred option for HLW Salt Disposition. We are currently still evaluating the alternatives using this method.

The Department of Energy will continue following the method discussed with the CAB to select a salt disposition alternative.

If you have any questions, please call me or Howard Gnann, Director, Programs Division at 803-208-6076.

Sincerely,

A handwritten signature in black ink, appearing to read "Greg Rully", is written over the typed name and title.
